We, the Class of Nineteen Hundred Sixty-Six, will soon be leaving the halls of Chowan. We have chosen nature as a theme for this annual because it helps portray our role in life.

Throughout our years at Chowan we have been growing as a sturdy tree; tall, straight and strong. As the old leaves on a tree begin to wither and fall, new ones are growing to take their places. As the new replaces the old, we see the fulfillment of the Supreme Plan.

We leave with you, in this twentieth edition of the Chowan Chief, some of the memories we have shared together here at Chowan while preparing ourselves for the changes that will be ours in the future.

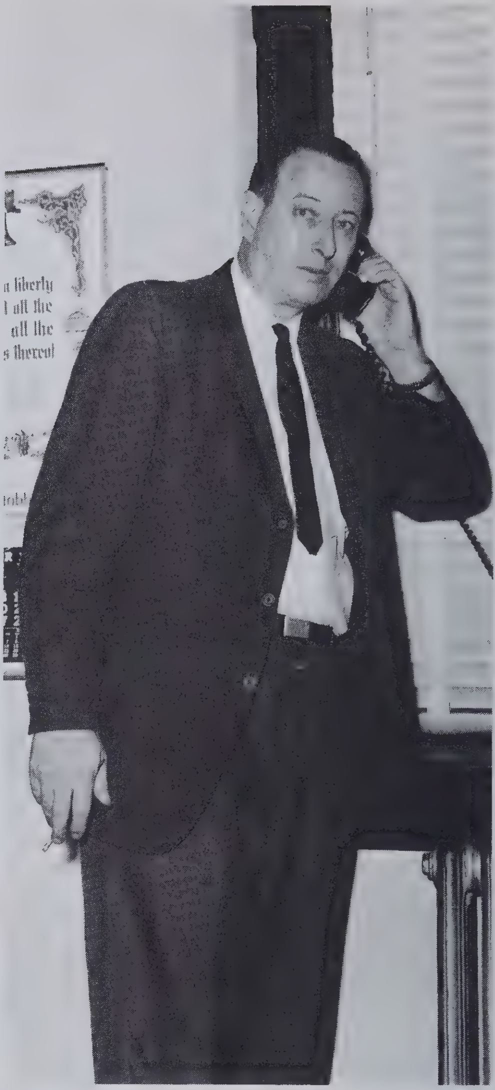
ADMINISTRATION

To Our Administration . . .

we express sincere appreciation. To Mr. Snipes we say "thank you" for your guidance to us as students and for the improvements you have brought to our school system. To Mr. Walters we express thanks for his work with our current school problems. We know the best solution for the benefit of the most people will be reached. Mrs. Fulcher has never failed to fully cooperate with all endeavors for the betterment of our school.

MR. C. C. WALTERS
Superintendent



MR. J. P. SNIPES
Principal

MRS. ESTHER FULCHER, Secretary, is shown working on one of her most exacting tasks; that of compiling the teachers monthly grade reports.

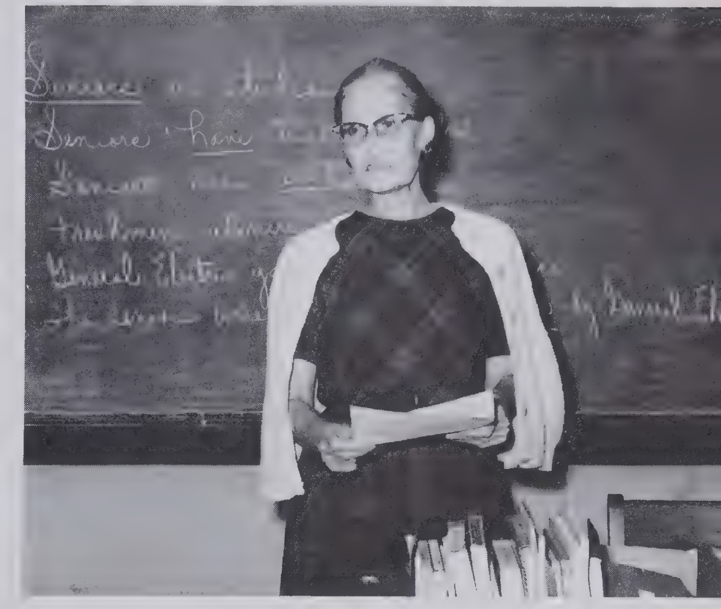
English, Math, and Science . . .

are the subjects most stressed as requirements to enter college. We feel that each of these departments is striving to prepare students for the art of living.

Mrs. Snipes, as a teacher of English, is faced with the responsibility of training students to communicate intelligibly through the written and spoken word. This requires the mastering of reading, writing, and listening skills by the students.

The philosophy of mathematics is to prepare each student for a world of numbers. Algebra, geometry, and trigonometry are the basic tools we use in high school to accomplish part of this preparation.

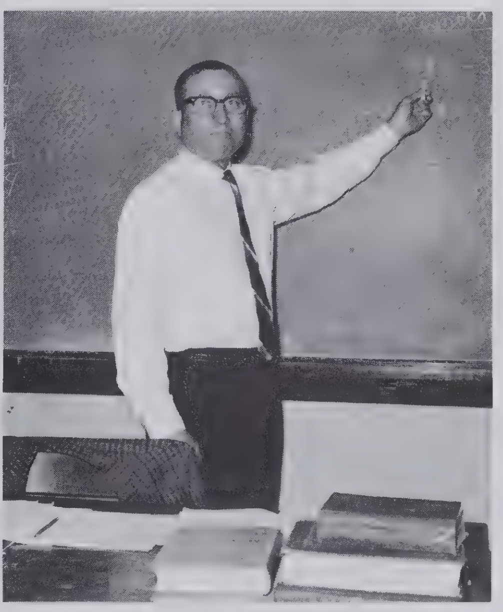
In general science, chemistry, and physics the student acquires skill and knowledge through experimentation and observation of scientific demonstrations, in addition to the content and principles as developed in the textbook.



Mrs. Snipes discusses several senior qualities.

MRS. ELIZABETH SNIPES

MR. D. T. WARD



Mr. Ward explains an algebra problem to the Freshman Class.

MR. DAVID JOHNSON

Mr. Johnson explains the functions of the body organs.

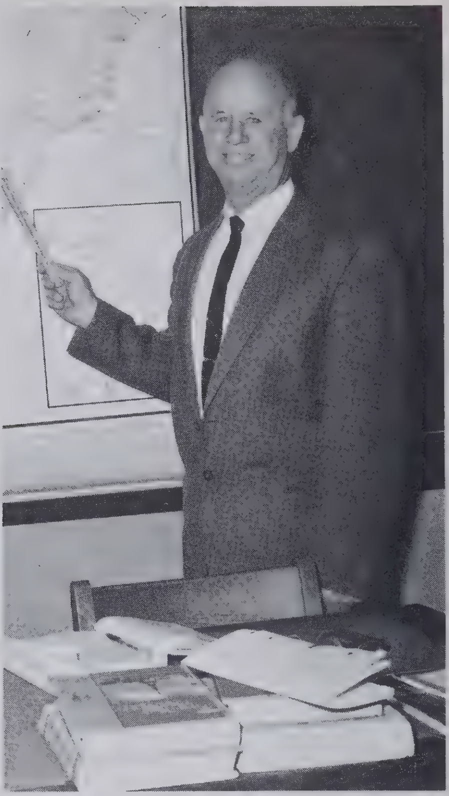
Our Business, Social Studies, and French

departments are a vital segment of our school curriculum. In a study of history, civics and economics we are taught to understand and appreciate the work of our forefathers.

Health and physical education also play an important role in developing good, sound American citizens.

A study of French affords us the opportunity of being introduced to a foreign language and to broaden our knowledge.

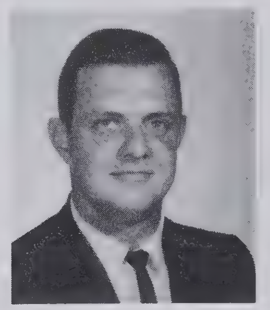
Business education is important in the guidance of youth because of the diversity of business opportunities in the fields of typewriting, shorthand and bookkeeping.



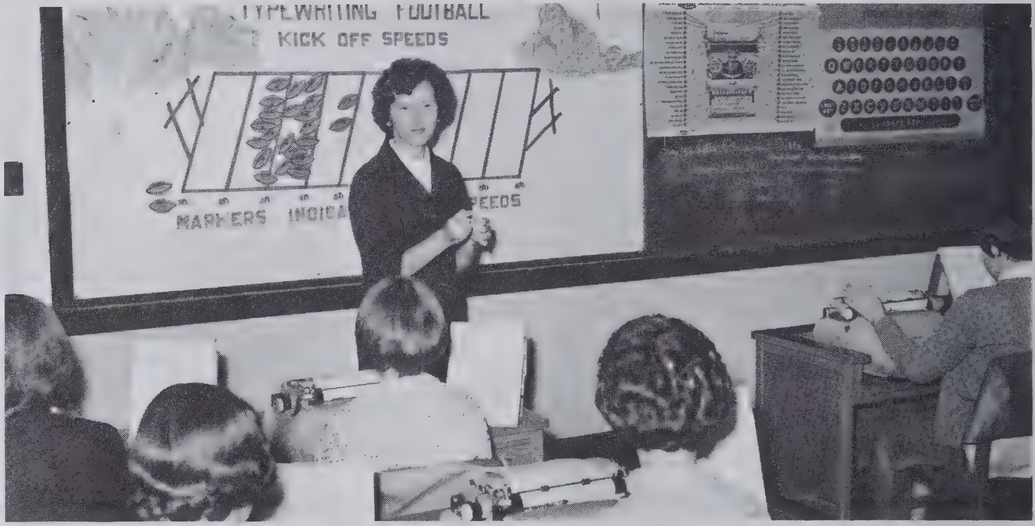
South America is discussed by Mr. Finch during his geography class.

MR. LLOYD FINCH

MRS. MARVIS HENDRIX



MR. JOHN WARD



Mrs. Hendrix announces: "Hands on keys, eyes on copy, type."

Mr. Ward manages to keep order in all of his classes.

Agriculture, Home Economics . . .

MR. EVERETT WHITE

MRS. LORAINE ROGERSON

and Guidance are integral units of our curriculum. We feel that Vocational Agriculture is of value to us because of the economic importance of agriculture and the vast productive potential of the American farmer.

Homemaking 1, 2, 3, and Family Relations are studies planned to meet the needs and interests of the students in Chowan County. These courses are designed to develop knowledge which will lead to success in marriage and family living.

Our library serves each student in many ways. Through proper training students learn to be selective readers and to use the library for research and reference work.

MISS CATHERINE AMAN

Mr. White demonstrates the use of one of the power tools.

Mrs. Rogerson helps the sophomore girls prepare a meal.

Miss Aman searches for a book title in the card catalogue.

For Services Rendered . . .

we express appreciation to our cafeteria and maintenance staff which is a very essential part of our school system.

Joe and Lala must be recognized for their untiring work of keeping our school's physical facilities in good condition.

FEATURES

The DAR Citizenship . . .

award is presented annually to the senior girl who best displays the character traits of a good citizen. BRENDA BUNCH, daughter of Mr. and Mrs. Melvin Bunch, is our superior citizen for this year, showing qualities of patriotism, dependability, leadership and service. The Chowan award is given by the Edenton Tea Party Chapter of the DAR.

The Chowan delegates to the Youth Fitness Conference were selected on the basis of their interest and participation in athletics at our school.

Brenda Bunch admires a bulletin board on citizenship, and pledges that she will strive to be an even better citizen.

delegates are chosen annually from members of the Junior Class. LINDA FOREHAND, GLENN BUNCH, JR., and DONALD BUNCH were the representatives for Chowan in 1965. These students were selected for their outstanding qualities of leadership, citizenship, mental ability and interest in government and history. For one week these delegates studied local, county, and state government, and temporarily became the officials of our state government. These delegates are sponsored by the American Legion and its Auxiliary, and the Chowan Ruritan Club.

Our Mascots . . .

have served us faithfully this past year. Alice and Johnny have accompanied us to many of our senior activities, performing well at each function. They have led our class in such activities as the Miss CHS Pageant, Homecoming, and senior parties, and they will play an important role in our graduation exercises. They have captured the eyes of many people and have helped to make each event a memorable one. We are indeed proud to have Alice Hobbs and Johnny Perry serve as our mascots for the year 1965-1966.

PRESENTING - A SEAL . . .

for Chowan High School! We have long felt the need for an official insignia of Chowan High School; this year marks the beginning history of our seal.

The seal is made up of a shield within a circle. The 1920 date at the top of the shield indicates the year Chowan High School was first operated as a county school and 1966 is the date the seal was drawn and adopted.

Within the shield is pictured an open book, symbolic of learning; the torch, symbolic of enlightenment; and a quill, symbolic of writing. All of these symbols are used to show that Chowan places great significance on the processes of educational knowledge. The shield is banded with the one word WISDOM which we are all striving to attain. The head of the bulldog is used because the athletic teams are known as the Chowan "Bulldogs." This signifies the physical education programs that are necessary to complete the development of each students all-around growth.

It is our hope that this seal will soon be a recognized symbol of Chowan High School. We also hope that within this seal you can envision the deeper significance of the educational objectives and principles of Chowan School.

ACTIVITIES

The 1966 Chowan Chief . . .

staff members have worked hard and faithfully on this, our book of memories. The editor and associate editor have tried to develop a different and outstanding yearbook. The school editors and photographers have worked hard to capture a few of the delightful days at Chowan. The typists and proofreaders have tried to make this an accurate and concise annual. Under the leadership of the business staff, funds have been raised to enable us to present this yearbook. And, of course, without the guidance of Miss Catherine Aman, the twentieth edition of the CHOWAN CHIEF would certainly have been impossible.

The Chowanian . . .

is a vital part of the student body of our school. The newspaper presents, every six weeks, news of the school and community, and happenings among the students. We feel that the newspaper offers students the opportunity to submit their works to be enjoyed by readers. Up-to-date is the word for our sports review and news coverage. To have this connection among students, provides for a feeling of unity about our school.

Our Beta Club . . .

stands for leadership, fellowship, loyalty and truth. It is a national organization for the betterment of schools, communities, and the enrichment of the character of each individual member. It encourages students to develop their personality and to work for top grades and honors. Our club is made up of juniors and seniors who were selected because of their outstanding scholastic achievement.

Our Beta Club has a service every September for the induction of the new members. The new members are tapped in and receive their membership cards and pins.

This year the club conducted a magazine sale to help raise money for a trip in the spring. The monthly meetings are designed to help the members prepare themselves for the future. Our sponsor, Mr. J. P. Snipes, urges us to set high goals in life and strive to reach them.

The Library Club . . .

is an organization dedicated to serve the student body here at Chowan in several capacities. One of the most important services of the club is the student librarians it supplies. Another important service is rendered by the audio-visual committee which was set up this year. This committee is composed of members who have been trained to operate the film and slide projectors, tape recorders, phonographs, microphones and other sound equipment we use. These members are available to assist teachers with the use of any of this equipment.

The Chowan Glee Club . . .

is composed of mixed voices ranging from grades 9 through 12 in high school. The Glee Club is under the direction of Miss Ceceilia Willoughby.

The club rehearses hard to bring musical programs to the public throughout the school year. The Christmas Concert, sponsored annually by the members of the Glee Club, presents the birth of Christ in song and drama. Other highlights of the club includes a Spring Concert, a semi-formal Valentine party and singing at the graduation exercises.

We feel that this organization not only helps train voices, but teaches cooperation and dependability. All of these qualities help us in becoming better citizens.

Belinda Perry has entertained many people with her solos.

The Chowan Future Homemakers . .

strive for the betterment of school and community life. We carry out this goal by visiting shut-ins, providing baby sitters for PTA meetings, and sponsoring community activities such as a Halloween Carnival and Mother-Daughter Banquet. Individual worth is considered the most valuable asset of a person by Chowan F.H.A. 'ers. The members hope that F.H.A. will continue to play an important role in the life of Chowan High School.

The Future Farmers of America . . .

was created to help rural boys in better preparing themselves for life. The F.F.A. is a national organization with one main objective; to promote better ways of farming to young men. Each year the Chowan F.F.A. Chapter members participate in many federation contests. These contests cover phases of forestry, parliamentary procedure, land judging, livestock and dairy judging. Annually the Chowan chapter sponsors an F.F.A. Sweetheart, chosen by the student body. Another favorite project of our chapter is the Father-Son Banquet which is held each year to promote a better relationship between father and son.

of Chowan High School is sponsored by Coach John Ward. Membership in the Monogram Club is based on a students' participation in athletic functions. To obtain membership in this club a student is required to play 24 quarters of basketball, or 20 innings in baseball. Managers, scorekeepers and timekeepers are also considered for membership if they have performed their duties successfully. Cheerleaders must actively take part in one season of basketball games. Monogram members are presented a maroon sweater with a gold C, representing the colors of our school. Stars may be added to the sweater for achievement in having played basketball, baseball, or cheering.

The Bus Drivers Club . . .

was organized here at Chowan during the fall of 1964. The main purpose of this group is to promote safety through learning and discussing better techniques and methods of driving. This club has also helped strengthen the relationship between the school administration, bus mechanics and the drivers. Membership in this club is limited to students who have their school bus license.

MR. J. C. FOREHAND and MR. MARVIN HOBBS are the county school bus mechanics.

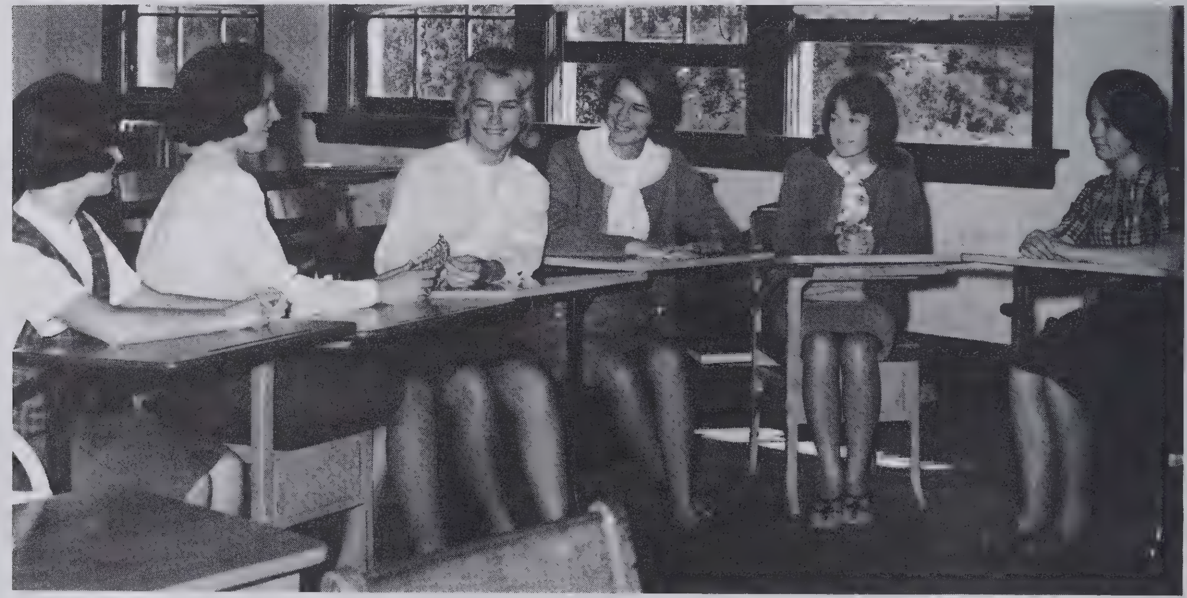
A good sign of participation in various activities is the number of different outfits required on "picture taking" days. Glenda Bunch is finding it difficult to get in with all her gear!

Chowan Students . . .

participate in many different activities. On the preceding pages you have had a glimpse of the major organizations of our student body. These activities afford us opportunities that we do not find in the regular classroom. We learn through these experiences of participation. We learn: responsibility, the value of fellowship, to set high goals, and most of all, we learn to be better citizens.

The Beta pin is a sign that a student has maintained a high scholastic average throughout high school. The Beta pin, and what it stands for, is cherished by its possessor.



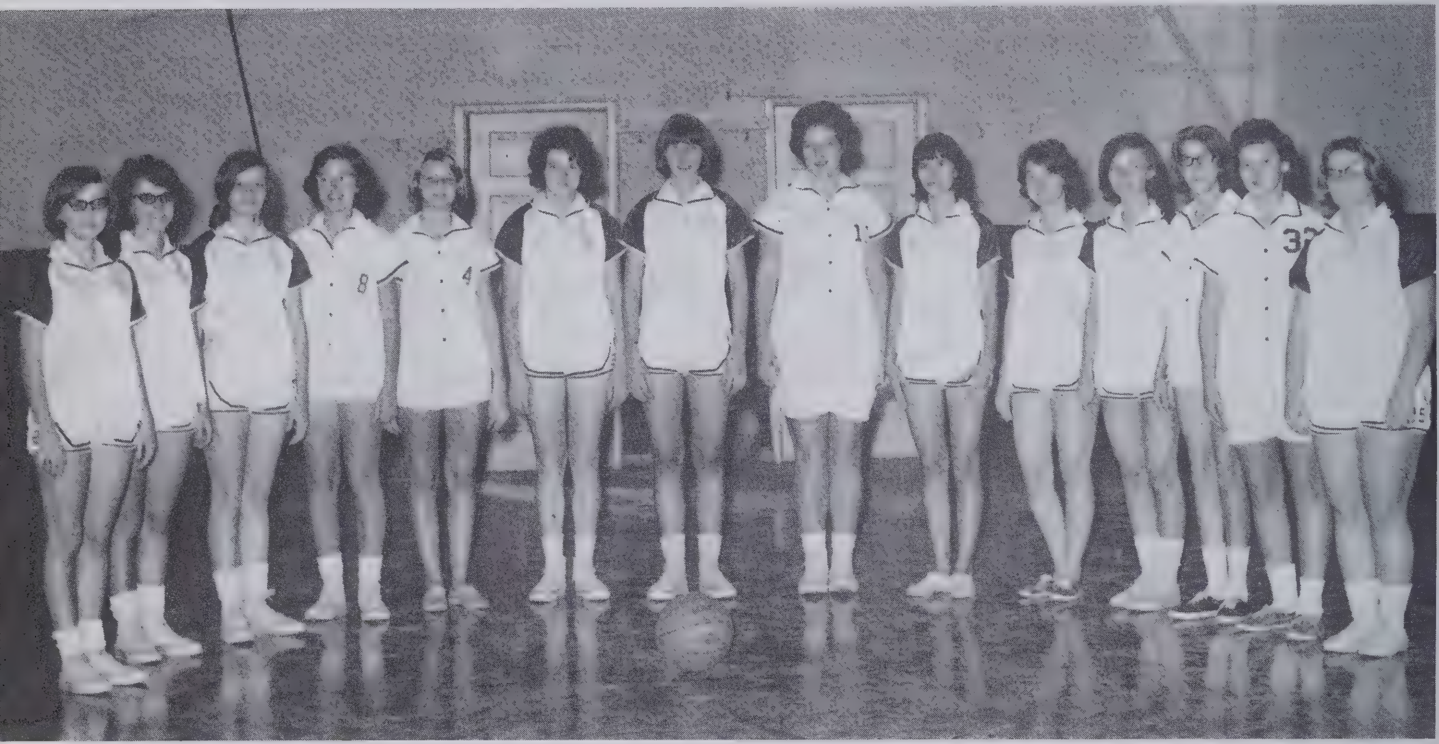
The students who make up the Homecoming Court discuss plans for the big night in February.

ATHLETICS

Girls Basketball . . .

gives the girls of our school a chance to participate in a varsity sport. It takes many exhausting hours on the practice court before we emerge as a team, striving to have a successful season. We are rewarded for all the time we spent practicing when we can score winning points for our school. In addition to helping in our physical development, basketball gives our student body an opportunity to express school spirit by attending the games and supporting the team's morale.

Captains for this years team are: LINDA GOODWIN, JUNE TURNER, MARGARET TYNCH AND MARY PRIVOTT.



L to R: Linda Goodwin, Mary Privott, Carol Haste, Emily Peele, Margaret Nixon, Nola Bass, June Turner, Carolyn Asbell, Phyllis Bulls, Linda Nixon, Margaret Tynch, Sheryl Chappell, Erma Turner, Patricia Nixon.

Coach Ward discusses the proper procedure for scorekeeping to Wilma Nixon and Brenda Bunch.

A vital part of each warm-up session is practicing lay-ups.

The final pep talk prior to each game is given by the coach while the girls are in a huddle.

One of the exercises used to develop maximum physical shape is running wind sprints.

Practice regulation games were played throughout the season to gain experience in actual playing situations.

Boys Basketball . . .

is an indespensible part of our school activities. It not only means a great deal to the student body, but to the players as well. We have a chance to work as a unit, to strive to be one of the best teams. Long, hard hours are spent each night during the season, practicing play after play, until perfection is reached. During a game, every muscle and every thought is dedicated to the idea of winning. When the game has been won and the fans are screaming with delight, we are filled with all the satisfaction that is needed.

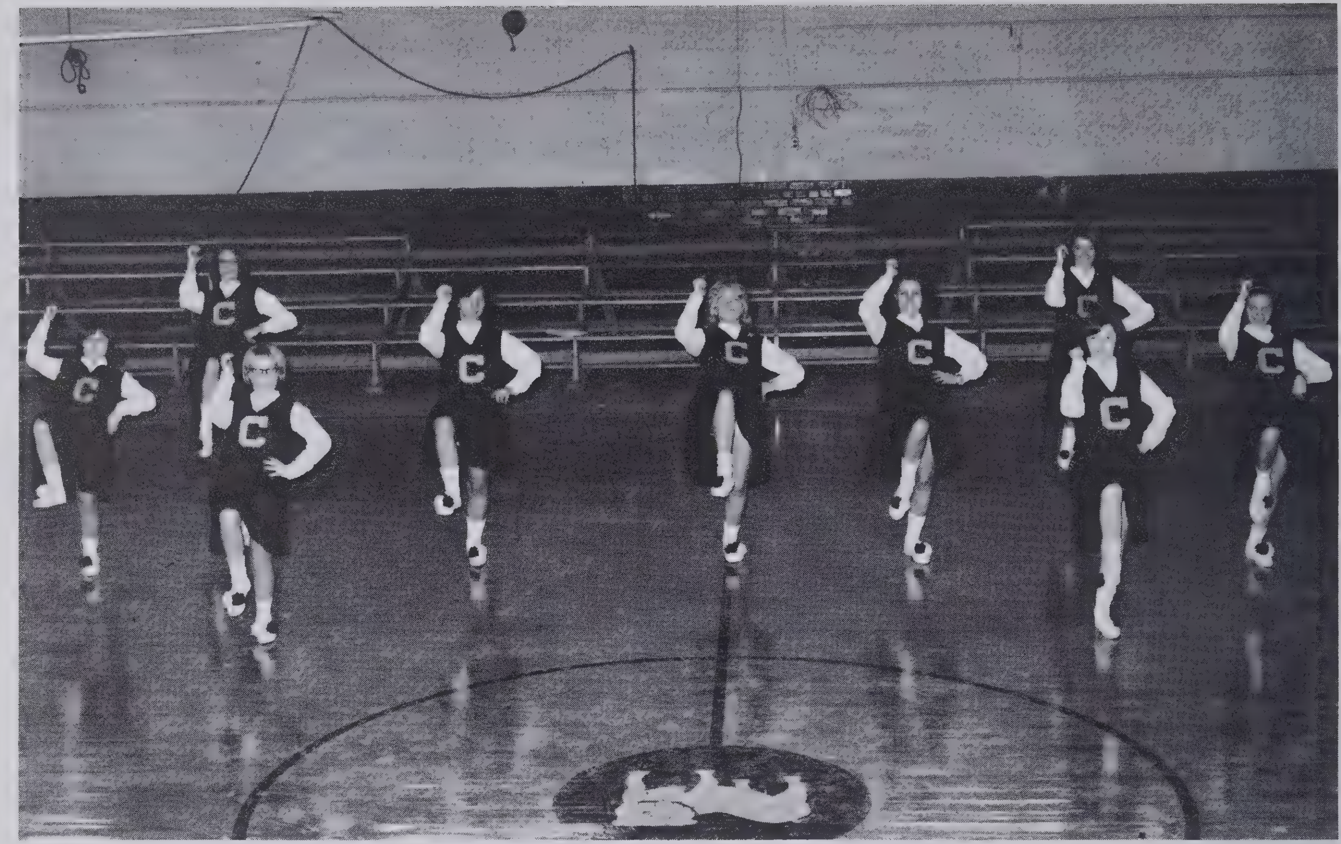
One of Fahey Byrum's many successful attemps to score for the Bulldogs.

The boys know how to fight for rebounds, whether in a practice game or a conference game.

Coach John Ward shows the proper procedure for working out a muscle cramp to Manager Don Evans, as Scorekeeper James Ward looks on.



There is a real feeling of united school spirit when the cheerleaders lead the student body in Chowan's fight song: "Fight for ole' Chowan, Chowan must win, fight to the finish never give in, give a yell for our dear Alma Mater, Rah! Rah! for C.H.S."

The Chowan Cheerleaders . . .

strive to keep school spirit high, especially during the basketball and baseball seasons. Many long hours are spent practicing cheers, until perfection is reached. Our duty is to ring out the cheer OUR TEAM IS GREAT, for we, the Bulldog Cheerleaders, believe that a determined frame of mind wins half the game. It is our responsibility to see that this idea is kept alive. Vivacious, energetic and spirited describe the Chowan Cheerleaders as they rhythmically lead the student body and the Bulldog teams on to victory.

ELEMENTARY

The Elementary Teachers . . .

of our school help students develop their personality and talents so they may learn to live in a world outside their homes. Through the guidance of the elementary teachers, young pupils learn the meaning of words such as responsibility, leadership and fellowship.

They help open doors to our future by teaching the basic subjects of reading, writing and arithmetic. They also teach art, spelling, geography, history, health, science and music.

In Sincere Appreciation . . .

Words cannot express our sincere appreciation to MISS CATHERINE AMAN for her guidance and help. Most outstanding, is the aid she has given us toward publishing our 1966 CHOWAN CHIEF. We remember her guidance in college and school selection; the time spent helping us get college data and filling out applications. Under her supervision our "Surfin' Shangri-la" was a big success; one night we will never forget. And this year, under her leadership as homeroom teacher and sponsor, we have had a wonderful Senior year; our Miss CHS Pageant, the Fall Cotillion, suppers, and our New York trip.

To MISS AMAN, we the SENIORS OF 1966 say, "Thank you for everything."

After Many Hours . . .

of devoted work, decisions and worries, the CHOWAN CHIEF has been completed. Looking back through the pages of past yearbooks, we realize how much the style and mode of our school has changed through the years. We hope that the 1966 CHOWAN CHIEF will serve as a record to document the changes that have taken place this year.

We hope this annual will present two different aspects to its viewers. It is the picture of Chowan High School, and it is also a picture of you and the part you played here at Chowan.

In years to come, after these pages have been turned for the hundredth time, we hope you will recall many of the joys and sorrows we shared. We have tried to capture, in pictures and words, the significant portions of school life. We want you, too, to find enjoyment and happy memories as a result of this annual, —And if you do, then our work will not have been in vain.

Without the co-operation of the entire CHOWAN CHIEF staff, faculty and financial donors, this book of memories would not have been completed. We hope that as you scan these pages you are paid in full for the hours you spent in the preparation of the publication.
